

BUY YOUR AIRCRAFT'S HISTORY

The BMAA has gained approval to convert all the aircraft records held in paper form to electronic records. We have already in anticipation begun to scan paper files and have converted over 1000 aircraft files in this way.

The BMAA is now able to offer aircraft owners their aircraft's original paper documents for just a little over the cost of the postage. These records include the Permit history, any modifications or repairs and accident information.

If you are the current registered aircraft owner and would like to own this information contact BMAA and ask for your aircraft's records. All the folders are offered at the same inclusive price of £6.99, or more if you want to make a donation to your organisation.
