Next known course is **Weather Decision Making** at Exeter on 20 Oct 2022

If you would like to register your interest in attending email penny@gasco.org.uk or telephone the GASCo Office on 01634 200203.

COSTS

The cost for the in-person course in Exeter is £50. Details via <https://bit.ly/GascoEvents>

Webinars are generally £25 and you need to register via the GASCO webinar link

OBJECTIVE

The aim of these seminars is to address the impact of weather on a planned flight and to assist pilots in safe decision making.

BACKGROUND

There are a number of providers who offer seminars on weather decision making a weather for specific activities. The list below is not exhaustive so if you find something else, please let us know so we can share with other pilots and confirm its suitability as an EDUCATION module.

PROVIDERS

GASCO offer **Weather Decision Making for GA**, a day long course based at the Met Office in Exeter. This covers the basics of weather decision making and is hosted by the Met experts themselves and is suitable for Microlight pilots as well as Group A pilots

GASCo/RMetS offer **Virtual Weather - Venturing across the Channel**, a half day webinar covering the additional weather challenges that flying in Europe can present.

GASCo/RMetS offer **Virtual Weather - Weather for General Aviation Licence holders**, a half day webinar covering similar content to the Weather Decision making course.

If you find others, please let us know so we can verify the suitability for Wings and share with other pilots.
