

British Microlighting

www.bmaa.org

Buyers' guide

This guide covers all microlight-legal aircraft up to 600kg MTOM offered or planned for the UK market, provided sales and support are available in Britain and the manufacturer/importer has responded to our enquiries regarding pricing and availability.

Within each control system of aircraft, solo machines are listed first, then dual, alphabetically in each case.

Electric and hybrid aircraft are shown in green.

All information is believed correct at the time of publication (November 2023), but no responsibility can be accepted for errors.

Help us keep it current, feedback please to nburr5006@gmail.com.

General notes

- Prices shown in £ sterling unless otherwise marked and include VAT where appropriate, but purchasers should check current price before ordering, particularly with imported machines
- Except where otherwise stated, we list the most basic of each version, with the engine type shown at the end of the aircraft name. Notes indicate options etc, but because of space limitations these are not exhaustive, so check suppliers' information to ensure you are comparing like with like.
- Imported aircraft are listed under the name of the original designer/manufacturer, with the importer in brackets. Aircraft made overseas under subcontract to a British company, and overseas designs made in Britain under licence, are not regarded as imports for the purposes of this table
- You should consider conversion training when purchasing an unfamiliar type

Notes to the table

- Engine choice: Vittorazi Moster 25hp. Black Devil 25hp. Black Bull 33hp
- For Cors-Air Black Bull engine add £358
- 912 engine standard, 912S engine extra
- Excludes engine, prop, instruments

- 912 engine standard, 912S engine £3296 extra
- Basic prices, many options available
- Deluxe model including various options
- Rotax 912 available to special order, POA
- Excludes avionics. Rotax 912S or 914 extra
- Rotax 912 engine standard, 912S, 912S, 914 extra
- Retractable undercarriage (RG model) available at extra cost
- Rotax 912 also approved. Rotax 912S £5000 extra. Rotax 915S with fitted tow hook £35,000 more
- Basic price, without optional Moster engine and retractable undercarriage
- Includes single battery pack and charger. For twin battery pack instead of standard single pack, including controller and charger, add £2521
- Excludes delivery
- Tailwheel version; nosewheel model £2400 extra
- Basic kit, quick-build kit £19,637 extra. Both exclude engine, propeller, avionics
- Basic kit, excludes engine and cockpit, various options available
- Permit in existence, but not needed for UK
- Tailwheel version; nosewheel model £719 extra
- Tailwheel version; nosewheel model £282 extra

- Alternative wings and engines available

Key to airworthiness approval

CZ	Czech approval
DULV	German approval
LAA	LAA approval (permit through LAA only)
BMAA	BMAA approval
None	No approval sought

Key to airworthiness progress

Proto	Prototype construction
Test	Under test
OK	Complete
NA	Not applicable in UK

Key to availability

Plan	Plans
Kit	Kit
RTF	Ready to fly

Key to pricing

POA	Price on application
TBC	To be confirmed
