<https://bit.ly/GascoEvents>

Bookings should be made direct with GASCo

Clubs may also offer to host a regional event; please contact GASCo for details

COSTS

GASCo does not currently charge for these seminars.

They also provide valuable resources such as the personal currency checklist on their website at

<https://bit.ly/GascoInfo>

OBJECTIVE

A short evening webinar or in-person session presented by GASCo addressing current GA safety concerns.

BACKGROUND

GASCo have been running safety evenings both in person and online for a number of years. This module is the popular 'safety evening' where visiting speakers join the team of GASCo Regional Safety Officers and a short Q&A session is included.

GASCo was founded in 1964 to provide a forum in which all of the General Aviation organisations could meet to share safety information. Today almost every organisation that represents those who supply, maintain, control, support, regulate and, most importantly, fly each and every kind of flying machine is a member of GASCo. They meet to share experiences and ideas for the improvement of flight safety.

In addition to the Council Meetings for the member organisations, GASCo produces GASCo Flight Safety magazine (for a small subscription), the free monthly e-newsletter Flight Safety Extra, organises Safety Evenings, seminars and flight safety events.

SYLLABUS

This session lasts for 90 minutes and covers current GA safety concerns. The evening is a interactive as practicable with audience polls and a short Q&A session

COMPLETION

GASCo provide a certificate of completion. Please send a copy to the BMAA Wings scheme for approval and accreditation to your Wings record. wings@bmaa.org
