OBJECTIVE

A range of seminars on topics of interest to the General Aviation community. These are held online and last around 90 minutes each.

BACKGROUND

Astral Aviation Consulting was founded to provide expert advice and support to UK General Aviation. Our team consists of current and ex-military pilots and General Aviation pilots with over 10,000 flying hours on a variety of aircraft types.

Each of their SME (Subject Matter Expert) consultants have at least 15 years each of air safety training and all have held supervisory and air safety positions both inside and outside of the military.

They are currently contracted by the UK Civil Aviation Authority to provide a safety campaign for General Aviation pilots.

COURSES

Astral Aviation Consulting have run a number of webinars covering topics such as:

-  Loss of safe separation
-  Loss of control
-  Inadvertent IMC (Nov 21)
-  Weather forecast decision making (Dec 21)
-  Human factors (Jan 22)
-  Return to flying
-  GA reporting: myth busting (Mar 22)

COMPLETION

Astral provide a certificate of completion for their sessions. Please send a copy to the BMAA Wings

scheme for approval and accreditation to your Wings
record. wings@bmaa.org
