

SRM (Advanced) for Microlights

SAFETY MODULE

POINTS

Completion of this Advanced SRM **SAFETY** module is considered **compulsory** for the award of (*certainly prior to undertaking the DIAMOND navigation task*)

HOW TO BOOK

This material is provided free of charge to BMAA members and is suitable for self-study.

We strongly recommend you ask your club/school to run regular sessions on this topic for all pilots where you can share stories and learn from others' experiences.

If you're running a course, please do let the BMAA know, and we will advertise to the membership.

COSTS

Self-study material is provided free of charge to BMAA members.

OBJECTIVE

To expand the knowledge of microlight pilots to best practices of Single-pilot Resource Management. The material is based on real case studies.

BACKGROUND

Commercial operations have been teaching Crew Resource Management for decades. This course has been written to allow the very best of these principles to be applied to the Microlight world where we're usually working in a 'single pilot' scenario. The focus is on learning from others' experience and developing good practice.

This course has been prepared for the BMAA by two microlight pilots who have extensive experience in the commercial & military aviation environments.

SYLLABUS

This course builds on the Single Pilot Resource Management (SRM) course required for Bronze/Silver level. It consists of 8 sections. It can be studied online or in a flight school or club setting.

- 📖 Introduction: how this applies to Microlighting
- 📖 Single-pilot Resource Management (SRM)
- 📖 Threat and Error Management (TEM)
- 📖 Aeronautical Decision Making (ADM)
- 📖 Situational Awareness (SA)
- 📖 Human Factors
- 📖 Programming & Automation
- 📖 Summary

COMPLETION

Please send a copy of either your Certificate of Attendance (club/school session) or Certificate of

Clubs/schools will make a charge for instructor time. Please enquire direct with them for details.

Completion (self-study) to the BMAA Wings scheme for approval and accreditation to your Wings record.
