BMAA Inspectorate Notice: AW/026 Suspension Notice

Dated: 08/12/2011

Note to all BMAA Inspectors

The Tech Office has reviewed and created a new issue of the BMAA/AW/026: SUSPENSION OF ‘CERTIFICATE OF VALIDITY’ OR ‘CERTIFICATE OF CLEARANCE FOR FLIGHT FOR TEST PURPOSES’

The differences are:

1. There is now instructions and guidance on the reverse of the form explaining the procedure.
2. There is a new option to declare the a/c beyond economic repair.
3. The form clearly states that it must be returned to the BMAA.
