

BMAA/AW/008 - INITIAL APPLICATION FOR BMAA INSPECTOR AUTHORISATION

Notes for completion of Form

Section 1: Applicant's contact details

- Complete full name, address and contact details.
- Please enter your preferred email address clearly. The BMAA tries to use email contact in preference to hard copy post. You must be able to access the internet and BMAA Inspector's Forum to maintain your Inspector Authorisation.
- If you are a BMAA member please include your membership number. You do not have to be a BMAA member at this stage but you will have to be a BMAA member to be authorised as a BMAA Inspector.

Section 2: Applicant's qualifications and experience

- Please complete as fully as you are able all the parts in Section 2.
- Academic qualifications are not a guarantee of suitability but will be taken into account when assessing an application.
- Training and experience wherever thought relevant should be included in your application.
- Please include copies of any specific licenses or qualifications that you may hold. Please do not include original documents at this stage. Original documents may be requested at a later date.

Section 3: Microlight courses and seminars attended

- List any courses or seminars that you have been on that are microlight or VLA specific and that you believe will help your application.

Section 4: Applicant's Referees

- **Please include your references with your application. BMAA will not request them.**
- Referees should include a statement confirming their background and how it makes them suitable to confirm your application.
- At least one of your referees should be known to the BMAA as an inspector, manufacturer, importer or similar.
- References should confirm the experience and qualifications claimed in Section 3.
- References should vouch for your honesty.

Section 5: Applicant's declaration

- Please check your application for accuracy, sign and date the application.

Please return the application to:
